SELLS FOUR CLAIMS NEAR CAMP APACHE

Group Is Reported as Disposed of and Consideration \$20,000

TUCSON, Jan. 20.—For \$20,000, A. A. Trippe and others have sold to P. N. Leatherwood four claims of the group in the Old Hat district of the Catalina mountains. The deal was closed Friday and made public Friday evening. The closing of the deal followed the expiration of a 60 days option which Leatherwood had taken on the property for the purpose of thoroughly examining it. He is understood to have purchased the group for eastern parties whose identity has not been disclosed.

The claims are located in the thin belt about two or three miles above the Camp Apache property of the Copper Queen Consolidated Mining company. Trippe, in speaking of the sale, declared it is certain that the same rich dyke on which the Copper Queen property is located extends through the group which he has just sold. He said he and his associates traced the dyke for more than 3000 yards without an interruption.

"It is a high-grade copper proposition," he asserted. "The poorest assays we secured were 10.16 per cent copper, and the richest, 22 per cent. The ore also carried gold and silver values."

THE GOLDEN AGE AT HAND.

Scriptural Evidence That Are Astonishing—No One Can Afford to Be Without the Knowledge.

We do our friends a valuable service when we call their attention to the valuable book entitled, "THE TIME IS AT HAND," in which are given many Scriptural evidences to prove where we are on the stream of time.

"Men's hearts are failing them for fear" and many of the leading thinkers are proposing remedies to better conditions. The Scriptures assure us that man's extremity will be God's opportunity, and this book holds out an anchor to those who fear the wave of unrest now spreading over the world.

The honest heart confesses that it is at a loss for an explanation of transpiring events. While we refer to this as the BRAIN AGE and the AGE OF ENLIGHTENMENT, nevertheless many realize that we are fast approaching a crisis which is wrapped in darkness owing to the present world-wide social, religious and political unrest.

(By Oscar K. Goll, Staff Correspondent.)

TOMBSTONE, Ariz., Jan. 19.—During its recent regular meeting in this city the board of supervisors transacted considerable business outside of the usual routine work, which will prove of interest throughout the county.

Explorer Means to Win.

Dr. A. F. R. Wollaston has practically completed the arrangements for his forthcoming expedition to New Guinea. Dr. Wollaston is taking out with him from England a specially constructed motor boat, which he will employ in navigating the Utaewa river, by means of which he hopes to reach the Snow mountains. Dr. Wollaston's objective is the highest point of the main ridge of the Nemesa range. The last British expedition got to within thirty miles of it, but this seemingly short distance involves a climb of 16,000 feet by what are probably the worst precipices in the world.

Worthy Modesty.

Alvo Yusuph, chief judge of Bagdad, was remarkable for the modesty which accompanies wisdom. Once, after a long investigation of the facts of a case, he publicly confessed that his knowledge was not sufficient to enable him to decide it. "Pray," said a pert courtier, "do you expect the callip to pay you for your ignorance?" "I do not," meekly answered the judge; "the callip pays me well for what I know; if he were to attempt to pay me for what I do not know, the treasures of his empire would not suffice."

THE HAREM CAPTIVES??? LOWELL STARS TAKE GAME FROM COLTS

Postponed Game Adds Another Victory to Score of Suburbanites

The postponed game between the Graham Colts and the Lowell Stars was played at the Warren ball park last Sunday with the result that the Colts were again defeated by the Lowell Stars by the score of 4 to 1. Vic Richardson made the only goal for the Colts, on a free kick.

The game was fast from the start and the Colts raised hopes in their supporters by their rushing tactics, which got their goal for them very early in the game. However, the superior team work of the Lowell men soon asserted itself, and Crowe equalized the score.

The Colts had a spell of ill luck with some of the decisions, their ire and disappointment again coming to the front, when Will Johnson, their center half-back, had to be carried off the field. Up to this time Johnson was the Colts' main support and from this time on, they began to totter steadily.

The veterans, Carty and John Reid, again proved themselves to be a reliable defense, these two being ably assisted by the half-backs. Forward, Jimmy Johnson was the star of the game, scoring the three first goals and Crowe scoring the fourth one. Capt. Mitchell, of the Lowell aggregation, also played a good game.

Lancaster, of the Colts, could hardly be blamed for the score against his team which was to some degree softened by the splendid manner in which

Are You Subject to Constipation

Here is a Simple Way of Correcting it Instantly Before It Becomes Chronic

Very few people go through life without some time or other being troubled with constipation. Thousands injure themselves by the use of strong cathartics, salt mineral waters, pills and similar things. They have temporary value in some cases, it is true, but the good effect is soon lost, and the more one takes of them the less effective they become.

A physic or purgative is seldom necessary, and much better and more permanent results can be obtained by using a scientific remedy like Dr. Caldwell's Syrup Pepsin. It does not hide behind a high sounding name, but is what it is represented to be, a mild laxative medicine. It is so mild that thousands of mothers give it to their infants, and yet it is so compounded, and contains such definite ingredients that it will have equally good effect when used by a person suffering from the worst chronic constipation. In fact, among the greatest endorsers of Syrup Pepsin are elderly people who have suffered for years and found nothing to benefit them until they took Syrup Pepsin.

It is a fact that millions of families have Syrup Pepsin constantly in the house, homes like those of Mrs. G. B. Pruitt, Berea, Ky., who used Dr. Caldwell's Syrup Pepsin as a laxative tonic. Mrs. Pruitt writes that it so strengthened and cleansed her system that she was quickly relieved of a severe cough which had troubled her for months. The special value of

MRS. G. B. PRUITT

this grand laxative tonic is that it is suited to the needs of every member of the family. It is pleasant-tasting, mild and non-gripping. Unlike harsh physics it works gradually and in a very brief time the stomach and bowel muscles are trained to do their work naturally again, when all medicines can be dispensed with.

You can obtain a bottle at any drug store for fifty cents or one dollar. The latter size is usually bought by families who already know its value. Results are always guaranteed or money will be refunded.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.
